

ANGLO-FRENCH FORCES MAKE IMPORTANT GAINS

BRITISH AND FRENCH KEEP UP STRONG OFFENSIVE TO NORTH AND SOUTH OF SOMME RIVER IN FRANCE

(By Republican Associated Press Leased Wire)

Keeping up their strong offensive against the Germans north and south of the Somme river in France, the Anglo-French forces again have driven their lines forward and captured important German positions.

South of the Somme, the village of Soyecourt and part of the village of Vermandovillers have been captured, while seemingly more important still, the French have made fresh progress east of the village of Forest, which lies one and one-half miles southeast of the railroad town of Comble—a gain, which taken with the character of Guillemont on Sunday, seemingly outflanks Comble and apparently renders it untenable. More than 5,000 Germans have been made prisoners in the Carpathian region. According to Petrograd the Russians have captured an entire series of heights and are advancing to the Hungarian frontier.

On the British right wing progress is reported north of Fallemont farm, while a German counter attack northeast of Moquet farm was repulsed. In the Verdun sector, Paris records fresh gains near Fleury.

Berlin, in admitting the claims of British and French successes in the fighting of Sunday in the Somme region, says the battling over the 18-mile front from Beaumont to the Somme was of the greatest ferocity. The Germans held their ground at Thiepval, north of Pozieres, and near Ginchy, but Guillemont village and wood were lost, as likewise was Ginchy, but a counter attack of the Germans won back a portion of the latter town.

Again there is heavy firing on the front in Russia, west and southwest of Lutsk, and north of Zborov, and near Brezany, in Galicia, with the Russians generally the aggressors. Petrograd controverts the assertion of Berlin that the Russians won a victory over the Germans here and took 2,641 prisoners in the Carpathian region. According to Petrograd the Russians have captured an entire series of heights and are advancing to the Hungarian frontier.

Along the Transylvania front the Rumanians continue to press their advantage against the Austro-Hungarians. Here they have captured additional towns and villages. The town of Hermanstadt, which is second in importance only to Kronstadt. The German and Bulgarian forces are attacking along the entire front between Dobruja and Bulgaria. Near Koemar, Berlin reports, the Rumanians were driven back with the loss of 700 men taken prisoner.

In Albania, the Italians east of Avlona have taken the villages of Kutai and Brizar and Monte Gradini.

The Germans have surrendered to the British Dar-Es-Salaam, Germany's chief seaport in East Africa.

Considerable fighting is in progress in the Austro-Italian theater but without any important changes in territory having occurred. Berlin admits the loss of an entire series of heights and are advancing to the Hungarian frontier.

The Zeppelin which London reported was brought down during the raid on the east coast of England Saturday night.

Bloody Battle Going On

PARIS, Sept. 4.—A bloody battle is going on in both banks of the Somme, says the official communication issued tonight. "The French have made fresh progress east of the village of Forest north of the river and on the right bank have successfully attacked objectives along a front of twenty kilometers (12 1/2 miles) from Forest to Soyecourt."

"The village of Soyecourt was brilliantly carried by assault, as well as east of Vermandovillers. More than 5,000 prisoners have been taken north and south of the Somme in the last two days."

"Progress also was made on the right bank of the Meuse (Verdun sector) in the Fleury region."

British Are Elated

WITH THE BRITISH ARMY IN FRANCE, Sept. 4.—As fuller reports come in, there is general elation at army headquarters over the results of the British and French attacks against the German positions in the Somme region.

A chill, heavy rain is falling this morning, drenching the German prisoners in the collecting stations and the wounded who are still being brought off the field. On most part of the line, the night was one of continued fighting.

The Germans had massed great forces against the British and responded with prompt counter attacks under cover of an immense volume of artillery fire. British guns laid their sheets of crashing blasts on the German trenches up to the very moment that the British infantry reached them, and no sooner were the infantry in the German trenches, than the Germans turned the same kind of a hurricane on them.

With every action the artillery seems to become more powerful.

Capture German Defenses

LONDON, Sept. 4.—As the result of the fighting yesterday north of the River Somme in France, says the British official statement issued today. British troops captured German defenses on a 3,000-yard front for an average depth of 300 yards and including the village of Guillemont.

The whole of Ginchy at first was captured, but the British were compelled to give ground, retaining hold of part of the village despite heavy counter attacks in the course of the night.

More than 500 Germans were taken prisoners.

Germans Claim Victory

BERLIN, Sept. 4. (Via London).—In an extensive and bitter battle developing from the Anglo-French attacks begun yesterday the Germans retained mastery over all their positions on both sides of the Ancre brook and recaptured ground which they had lost near Mouquet farm, south of the Somme. German artillery broke down French attacks except in the sectors southwest of Barleux.

Between Ginchy and the River Somme, the Germans first positions, which were entered by the British, and the statement says, stemmed the attack on the second line. Guillemont and Forest were captured by the Germans.

After violent fighting yesterday, Mount Plancka, southwest of Raafelvo, in the Carpathians, was taken by the Russians.

German and Bulgarian troops, which had crossed the southeastern frontier of Rumania between the River Danube and the Black sea, advanced yesterday, says the official statement issued today by German army headquarters.

Near Koemar and Rimiki the Bulgarian cavalry drove back the Rumanian infantry, capturing 110 Rumanians.

RIOTING FOLLOWS LABOR DAY CELEBRATION IN EL PASO

(Republican A. P. Leased Wire)

EL PASO, Texas, Sept. 4.—Rioting and looting followed a Labor day parade today. The rioters attacked several street cars being operated by strike breakers in the downtown streets, wrecked the cars and beat the strikers. A dozen persons were arrested on charges of inciting riot and it is estimated that at least fifty persons were injured in the street fighting.

In feeding between strikers and operatives who took their place when the strike was called two months ago, manifested on several occasions recently, reached a climax today in a first fight on a downtown street between a striker and an employee of the street railway company. The general disturbance followed.

For a time it seemed as though the municipal police force, reinforced by a detachment of Texas Rangers, would be powerless to quell the mobs. Finally, however, after several hours of disturbance in which rioting took place on almost all of the business streets and street railway traffic had been suspended, the mobs dispersed. When traffic was resumed a police man armed with pistols and a shotgun and ordered to shoot anyone interfering with the cars was detailed to protect each crew.

Meanwhile, all saloons in the city were closed until further notice and military authorities ordered all soldiers, stationed in this district to stay in their camps. Tonight the protest was held in the city.

Secret Demands Are Being Pressed on China by Japs

(Republican A. P. Leased Wire)

WASHINGTON, Sept. 4.—Secret demands in addition to those published in dispatches from Peking are being pressed on China by Japan as a result of the recent clash of Chinese and Japanese troops at Cheng Chai-sun. It became known here tonight that the situation is much more serious than has been indicated. Confidential reports say the unpublished demands threaten the authority of China over the whole of Inner Mongolia.

Officials here view the development with real anxiety, fearing another

China-Japanese crisis which might involve the interests of the United States. The Cheng Chai-sun incident, trivial in itself, but coming on top of the strained relations ever since Japan took over Kinkow from Germany, has been closely watched since Japan hastened to send 2,000 soldiers to the disturbed district and her cabinet announced that a satisfactory outcome depended on China. Reports from Peking show alarm there. The prompt and unanimous acceptance of the new cabinet announced today, is believed to have been a result of the seriousness of the Japanese and financial problems.

BIRTHPLACE OF EMANCIPATION IS SECURE FOREVER

(Republican A. P. Leased Wire)

HODGENTOWN, Ky., Sept. 4.—President Wilson came to Kentucky today to pay homage to the memory of Lincoln in special trains and automobiles. He was greeted by a large crowd, gathered from all parts of the state, cheered him at every appearance and turned his visit into a campaign event.

The president accepted, for the federal government, the log cabin in which Lincoln was born in a speech devoted to an eulogy of the Civil War president. Standing on a temporary platform at the foot of a hill topped by a magnificent granite memorial building housing the Lincoln cabin, he praised Lincoln as the embodiment of democracy.

"We are not worthy to stand here unless we ourselves are in deed and in truth real democrats and servants of mankind, ready to give our very lives for the freedom and justice and spiritual exaltation of the great nation which shelters and nurtures us," he said.
